Chrisnel's customers are OEMs and all major tier 1 manufacturers.

G.I.S. Chrisnel GmbH has signed a partnership agreement with ManpowerGroup in Germany and Europe. This agreement will help to optimize the synergies between the two companies, so that each company can concentrate on its core business better. The Chrisnel Group will focus on quality management and quality control, while ManpowerGroup will be responsible for providing quality personnel from its vast network. ManpowerGroup offers its customers a wide range of possibilities and, with the support of Experis, Proservia and Right Management, is able to provide customized solutions.

As the leading global workforce solutions company, ManpowerGroup assesses, develops and manages the required talents. Mr. Nelson Bassog and Dr. Tobias Pfaller, together with Mr. Dirk Arns laid the foundation for the future partnership at the ManpowerGroup headquarters in Eschborn, Germany, January 2019. We believe that this partnership will bring a good deal of added value in securing support to leading automotive manufacturers and their suppliers.

It was agreed at our meeting that synergies between ManpowerGroup and the Chrisnel Group would be created and used, and that the partnership would represent both a challenge and a benefit to the two companies.
